## COAL SITUATION NOW DESPERATE; BREWSTER APPEALS TO WILSON

Hold Out Inducement of Retroactive Wage Scale To Miners, Starting When Workers Begin Production—Pessimistic View Taken.

Washington, Nov. 20.—Coal operators appealed to the government to take steps to open the coal mines. Thomas T. Brewster, chairman of the operators' committee, and other members of the operators' committee, today made an appointment with Attorney General Palmer to urge him to take steps to have the miners return to their work immediately. The operators prepared to set forth a proposition that no increased wages will be granted until the miners return to work and they were also ready to agree that the new wage scale will be retroactive to the date when the miners take up their picks again.

Springfield, Ill., Nov. 20.—Reports today give a pessimistic view of the coal situation in Illinois. At Peoria, a mining center, coal has been at a premium for more than a week. Bloomington, Decatur, Streator, Rockford, Danville, Rock Island and Quincy report a scarcity of fuel. Springfield, the heart of central Illinois coal mining, has only a 30 days' supply of coal on hand.

Denver, Nov. 20.—With the threat that 9,000 soft coal miners in Colorado will be called on strike tomorrow, a serious shortage of fuel is facing Denver and the state. Many industries, it is said, will be forced to close if the threatened strike goes into effect.

## NEW INDUSTRIAL CONFERENCE IS CREATED TODAY

John E. Daly, Assistant Trainmaster of the Pennsylvania Lines here, and P. H. Flynn, president of the Xenia Shoe Manufacturing Company, were elected to take seats in the board of directors of the Chamber of Commerce at a directors' meeting Wednesday night. The new directors will fill the vacancies made by the resignations of Frank L. Smith, who resigned immediately upon election to the board, when the balloting was first completed, and C. F. Ridenour, who was forced to tender his resignation recently because of his removal to Piqua.

Mr. Ridenour's resignation was received with regret by the board, as he was considered a valuable member of that body. Mr. Smith resigned immediately upon his election and he never sat with the board.

The two new members will give the chamber of commerce a judicious directorate and one well able to pilot the affairs of the organization.

## SAYS CONSCIENTIOUS OBJECTORS, SLACKERS TO SECRETARY OF WAR

Washington, Nov. 20.—The great majority of the so-called conscientious objectors, slackers and deserters from the American army were just plain slackers, the inspector general of the army stated in his annual report to the secretary of war today.

A small minority, the report said, were loyal men, willing to do any service which did not involve killing a fellow man, but most of the objectors were "undoubtedly slackers who were disloyal and availed themselves of this pretext to escape service."

The personnel of the American army in the war was praised. Its discipline, care and general work was declared satisfactory. The arms and equipment, including the famous Browning automatic rifles and machine guns were declared superior to anything possessed by the powers at the time of the armistice.

While praising generally the conditions at West Point, the inspector general noted the fact that there has been considerable "hazing" of cadets in the past year, to the detriment of academic work.

War prison barracks and disciplinary barracks were considered satisfactory with few exceptions.

Discipline in our forces abroad suffered a relaxation after the armistice which was not confined to any one rank, the report added. The much talked of mutiny among American troops in Siberia was minimized.

## Soldiers and Police Raid Cleveland "Reds"

Cleveland, O., Nov. 20.—Police today released all but five of the 70 men detained for examination last night, following a raid by 30 policemen and 70 operatives of the American Legion on a Scoville avenue hall. During the night homes of thirty couples were searched.

A great quantity of "red" literature was found.

## FEAR WAR FLARE-UP IF KAISER FLEES ACROSS THE BORDER

London, Nov. 20.—The possibility of another flare up of warfare if the former kaiser flees across the Dutch border into Germany was pointed out today by the Daily Express in a following editorial:

"Will the pinchback Napoleon of Amerongen bolt across the Dutch frontier at an opportune moment and attempt another 100 days campaign as Bonaparte did after his escape from Elba? But could Germany stand even a campaign of 100 days despite the fact that the allies have disarmed and demobilized their armies?"

St. Gordon Hewart, the attorney general, has returned from Paris where the first steps have been taken towards bringing the former warlord to trial. In commenting upon the likelihood of an early trial for the German war maker, the Times declares that monarchist activities in Germany have been strengthened by the demonstrations over Field Marshal Von Hindenburg, Minister of Defense Gustave Noske, is accused of "acting consciously" as the "warning pan" for monarchist plotters.

## LUDENDORFF GUILTY OF "LOSS OF MEMORY" ON WITNESS STAND

Berlin, Nov. 20.—It was General Ludendorff and not Count Von Bernstorff, former German ambassador to the United States, who was suffering from loss of memory on the witness stand before the war guilt commission of the national assembly, according to opinion expressed in the press today.

Bernstorff's testimony, including the declaration that Ludendorff boasted at German great headquarters in 1917 that Germany would win the war within three months was regarded as "calm and diplomatic," Ludendorff was very stormy.

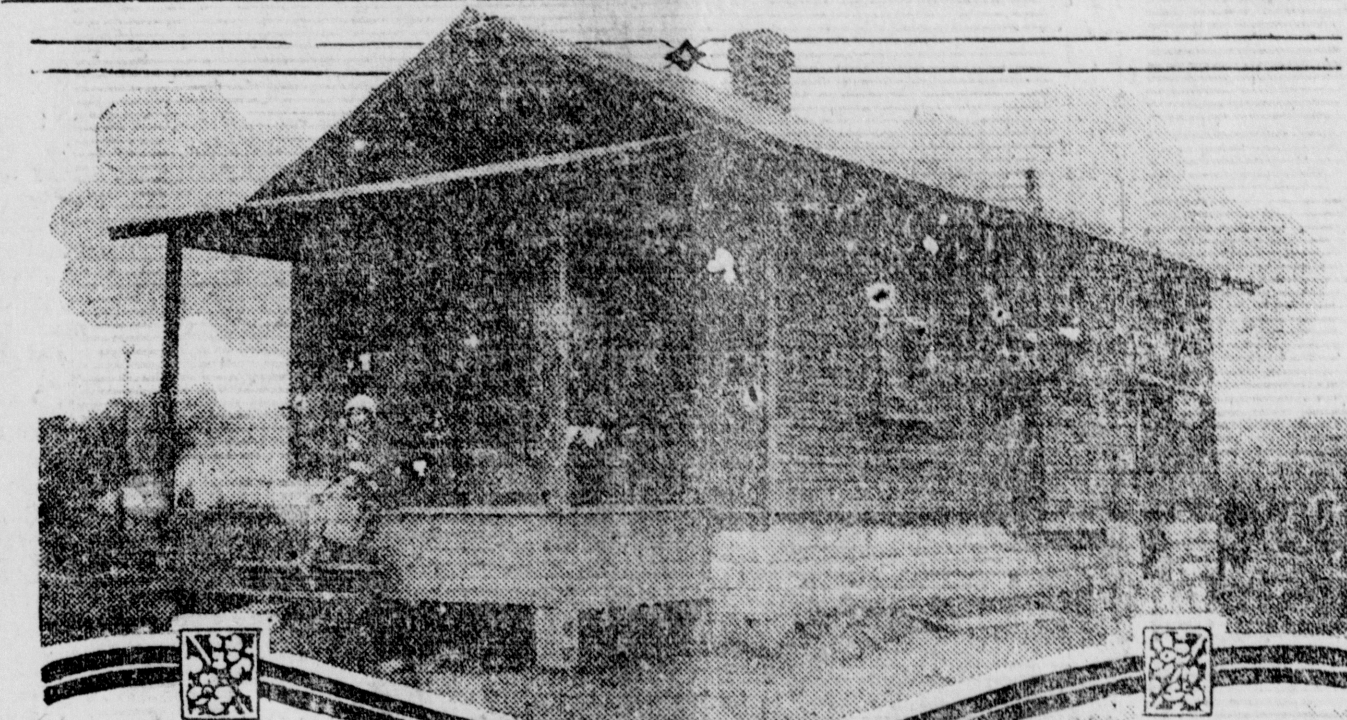

A trump card against the militarists was produced by Prof. Shuckling, who read secret intelligence reports to the German chancellor from Dr. Albert in New York, giving warning with marvelous accuracy as to how the United States would enter the war if the ruthless submarine campaign was started. These reports were made in 1916.

## EX-EMPEROR LOOKS FOR RE-ESTABLISHMENT

Geneva, Nov. 20.—Former Emperor Charles of Austria has not yet given up hope of a monarchist coup that will put him back in power either in Austria or Hungary. Charles name is not contained in the long list of royalties who have just renounced their titles to become plain citizens of the Austrian republic, it was learned today. Charles has told his close friends that he intends to maintain his original attitude to the end, refusing to abdicate. This decision has caused anxiety at Vienna and Budapest, and known agents of the monarchist faction are being watched closely.

JUDGE DECLINES JOB.

## GOVERNMENT SELLS FOUR-ROOM HOMES FOR \$200

Hauling one of the homes to its new location and one of the houses, on cement block foundation, occupied.

Hundreds of four-room homes built by Uncle Sam for munition workers near factories during the war at a cost of \$1,500 each are now being sold at a first cost to the purchaser of \$200. The only condition asked of the buyers is that the houses be hauled away within sixty days of the sale date. Two hundred of these homes in Ancor, near Cincinnati, were sold in two days. Figuring a cost of \$130 to haul the house five miles by truck and \$223 for cement block foundation, one purchaser found that the house, ready to occupy, cost him \$553.

## GUNSHOT WOUND PROVES FATAL TO LOCAL HUNTER

A gunshot wound received in a hunting accident at 12:30 o'clock Wednesday afternoon, proved fatal to Leroy Haller, a well known Xenian, who died at the McClellan hospital from shock and loss of blood at 11:45 Wednesday night.

The accident happened on the New Burlington pike, near the Kelly Mendenhall farm, when Mr. Haller and Ben Vickers, in whose company he had been hunting rabbits, started to alight from a Xenia Oil Company truck, driven by Marion Reeves of this city, after they had been given a ride in the machine down the road. As the machine stopped, the shotgun slipped through the bottom of the machine, the floor being broken out and was discharged when it struck the ground. The full charge of the shell at close range entered Mr. Haller's leg, near the hip, severing the femoral artery.

The young man was carried into the Mendenhall home and Dr. Rayburn McClellan and Dr. W. H. Finley were called. They later removed him to the McClellan hospital, in this city, but he was so weak from loss of blood that the physicians could do nothing with him unless he rallied. The shock was too great, however, and he passed away at 11:45.

Mr. Haller was born in this city and was 24 years of age October 22. He married Miss Mary Pashey of Bay City, Michigan, May 29, 1917, and shortly afterward came to this city, where he was employed as a Pennsylvania Railroad brakeman. He is survived by his wife and two children, John Leroy, 18 months, and Eugene, 3 months, his parents, Mr. and Mrs. George Haller of Mechanic street, and two sisters, Miss Lois Haller, who is a student nurse in Pueblo, Colorado, and Mary Rose.

The body was taken to the home of Mr. Haller's parents on Mechanic street. Funeral arrangements have not yet been made, awaiting word from Miss Lois Haller. Mr. Haller was a member of St. Brigid's Catholic church here.

## EXPECT S. D. FESS IN YELLOW SPRINGS

Congressman S. D. Fess is expected to reach his home in Yellow Springs today, coming from Washington. Should he arrive he will be guest of honor and a speaker at the banquet to be given this evening by the Yellow Springs Masonic lodge.

Attorney Homer Corry of Springfield will also deliver an address at the banquet.

The Yellow Springs Masons passed the 50th anniversary of their organization as a lodge last November. Owing to the influenza epidemic, no celebration was held at that time, and the banquet this evening is a delayed commemoration of the event.

About 200 people are expected.

## GERMAN ENVOYS CALL

Washington, Nov. 19.—An unofficial German mission will arrive in the city today.

## U. S. SUPREME COURT TO DECIDE: CONSTITUTIONALITY OF PROHIBITION MEASURE IN SESSION TODAY

Washington, Nov. 20.—The battle line of prohibition was drawn in the United States supreme court today. Arguments as to the constitutionality of the wartime prohibition law and the Volstead act which restricts the alcoholic content of beverages to one half of one per cent in volume, were heard in the supreme court today, in the final fight for a decision from that body as to the constitutionality of the laws which have made the nation dry.

The fight was brought to the supreme court from lower courts where there have been conflicting opinions. Some supporting and others denying the constitutionality of the laws. Federal Judge Evans, of Kentucky, held that the wartime prohibition law was unconstitutional as applied to tax paid whiskey in bond and ordered the release for sale of such whiskey. Federal Judge Brown, of Providence, R. I. held that the Volstead act was unconstitutional. Federal Judge Rose, of Baltimore, Federal Judge Mayer, of New York, and Federal Judge Anderson, of Boston, held that the war time prohibition law and the Volstead act have nothing to do with licenses not intoxicating and refused to order cessation of sale of 2.75 per cent beer.

Federal Judges Hand and Knox of New York, and Carpenter and Fitzgibbon, of Chicago, upheld the constitutionality of the war time prohibition law and the Volstead act. In New York Dreyfuss, Blum and Company, were denied permission to take whiskey from bond on payment of taxes, and Jacob Ruppert and Sons were refused the privilege of manufacturing for sale 2.75 per cent beer.

Legal questions raised in all of these cases have been joined for argument before the supreme court today, and government defense of the constitutionality of the laws was to be made by Attorney General Palmer, Solicitor General King and Assistant Attorney General Frierson. Elihu Root was expected to appear as counsel for the Rupperts.

## WILSON FORMS INDUSTRIAL CONFERENCE

Washington, Nov. 20.—President Wilson today established a new industrial conference.

The White House made public the names of 17 members of the new conference, which is to be headed by Secretary of Labor Wilson and which will discuss industrial unrest and seek to find the remedies which the old industrial conference failed to find.

The conference will meet in Washington on December 1.

The members of the conference are as follows:

Secretary of Labor Wilson; Thomas W. Gregory, former attorney general; George W. Wickersham, New York, former attorney general; Oscar A. Straus, New York City, former secretary of commerce and labor; Henry M. Robinson, Pasadena, Cal.; Prof. Frank W. Taussig, Cotuit, Mass.; Samuel W. McCall, Waltham, Mass., former Gov. of Massachusetts; Herbert Hoover, New York, former food administrator; Martin H. Glynn, Albany, N. Y., former governor; Henry C. Stuart, Elks Garden, Va.; Dr. W. O. Thompson, Ohio State University, Columbus, O.; Richard Hooker Springfield Republican, Springfield, Mass.; John T. Slade, St. Paul, Minn.; Julius Rosenberg, Chicago, Ill.; Owen C. Vanz, New York City; N. J. Waters, Manhattan, Kas.; and Stanley King, Waltham, Mass.

## FARMER LOSES FINGER IN SHREDDING MACHINE

Charles Jacobs, aged 30, a farmer near Yellow Springs, lost his left fore finger, and the rest of the hand was severely crushed as the result of being caught in the cog wheels of a shredding machine at the home of his uncle, Thomas Jacobs, a mile west of Yellow Springs, Wednesday afternoon.

Mr. Jacobs was oiling the machine while it was in motion. His glove

## COX RECOMMENDS NEW SYSTEM OF PUBLIC HEALTH LAWS HERE

Columbus, O., Nov. 20.—Governor Cox has recommended a readjustment of the financial provisions of the new public health administration law which becomes effective the first of next year. Believing changes necessary for its successful operation, the governor has asked the state health department to draft amendments for submission to the legislature in December.

The law should be so changed, the governor pointed out that the levies of the district (county) health boards will be approved by the state health department, auditor and governor.

The governor explained that some weaker townships have not the funds now required by the law, and that enactment of an income tax law and the return of part of this revenue to the local sub-divisions would remedy the situation to some extent.

## BECOMES MEMBER OF 100 BUSHEL CORN CLUB

A. S. Lewis of Jefferson township, Greene county, will become a member of the Hundred Bushel Corn club of Ohio, when farmer's week is conducted at Ohio State University.

Mr. Lewis was a winner in the "ten acre" contest conducted by Ohio State University agricultural department, producing 160 bushels of corn to the acre from a ten acre plot.

The other winners in the contest are: L. L. Brown, Rainsboro, Highland county; B. J. Paterbaugh, Woodington, Darke county; J. D.

## TREATY RATIFICATION FAILS ON BOTH ISSUES; PRESIDENT WILL ACT

At Close of Drastic Session Senate Adjourns Since die After Turning Down Peace Treaty—Lodge Forces Remain Firm in Determination to Force Majority Resolutions.

Washington, Nov. 20.—The peace treaty of Versailles, rejected by the senate today, awaits the action of President Wilson. The next move must come from the White House.

At the close of one of the most dramatic sessions the senate has ever seen, that body adjourned sine die after turning down the peace treaty.

The treaty was sent to the senate by President Wilson and the peace conference, was defeated by a vote of 41 to 51.

The treaty as sent to the senate by President Wilson and the peace conference, was defeated by a vote of 38 to 53.

Efforts at compromise were practically null. "The door is closed," Senator Lodge declared, and the administration leaders accepted his verdict.

The only way the German peace treaty can be ratified by the senate is for the administration forces to later agree to the majority reservations they turned down yesterday, it was announced today by Senators Lenroot, of Wisconsin, and McNary, of Oregon, and other leaders of the so-called "mild reservationists" on the Republican side.

Defeat of the majority resolution of ratification at last night's session of the senate does not mean "hopeless" defeat for the treaty, Lenroot stated. The letter the president sent to Senator Hitchcock, the administration leader, in which he advised against acceptance of the majority reservations, was directly responsible for the treaty remaining unratified when the first session of the sixty-sixth congress was adjourned sine die last night, he added.

Until the regular session begins on December 1, the first Monday in December, in accordance with the constitution, the senate can take no further action with regard to the treaty unless the president calls a special session of congress before then. It is not believed he will do so.

After congress meets on December 1 the president can withdraw the treaty and send it back to the senate. It can then be recommitted to the senate foreign relations committee, where it can be held until an agreement by which it would be ratified substantially with the majority reservations is reached.

"The treaty will remain 'dead' in the senate unless our reservations are adopted," Senator Lodge, majority leader, said.

"I think the Republicans have worked themselves into an awkward position," Senator Hitchcock, the minority leader, said. "They counted on the enemies of the treaty being able to frame reservations they could ram down our throats—and they were unable to do so."

"We were willing to reach a compromise with the administration forces, but they flatly refused to accept our reservations," Senator Lenroot said. "We wanted the treaty ratified with adequate reservations. I am sorry we failed to ratify it before we adjourned. The fault was not ours, but theirs. I do not regard the situation as hopeless."

"I believe the treaty will be ratified later after the next session begins—with the majority reservations substantially accepted as a part of a resolution of ratification."

Other Republican senators said they were not sanguine that the treaty would be so successfully "revived."

## OPEN SHOP CITY ESTABLISHED AT DALLAS, TEXAS

Dallas, Texas, Nov. 20.—Dallas today is an open shop city.

The open shop plan was adopted at a mass meeting attended by members of the chamber of commerce, at which industrial leaders and men prominent in the city's business life characterized the "continued agitation and unreasonable demands of local labor unions a menace to the city's welfare."

Several labor leaders attended the mass meeting and protested against the "open shop policy" but were voted down.

The open shop plan provides that there will be no contracts with labor organizations in Dallas in the future and that union workmen shall not be permitted to enforce the closed shop rule—that union men, if they work in Dallas, must work alongside of non-union men.

## POSSES SEARCH HILLSIDES FOR DARING BANDIT

Cheyenne, Wyo., Nov. 20.—Wyoming's manhunt was still on today in search of William Carlisle, the daring robber whose sensational escape from the Rawlins state penitentiary and subsequent hold up of a limited train on the Union Pacific railroad, has resulted in every town and community along the railroad line in southern Wyoming, forming itself into a virtual armed camp.

In the belief that Carlisle has made his way into the oil fields of the state, many of the posses have been withdrawn from the mountains, and are manning a "posse" and freight trains with armed guards. Railroad officials fear that another attempt to hold up passenger trains may be made by the elusive bandit. The troop of cavalry from Fort Russell is continuing to comb the country side, and with rations for ten days they have been ordered to go their men dead or alive.

## Cleveland Factories Close—Lack of Fuel

Cleveland, Nov. 20.—Many of Cleveland factories faced shut down on the heels of a drastic order from the Cleveland fuel committee decreeing that no more coal would be allotted for industrial purposes.

The ban is so complete that the plants must close down in time to leave a sufficient supply for heating their plants during the shut down or risk serious damage to their machinery.

## FARMER LOSES FINGER IN SHREDDING MACHINE

Charles Jacobs, aged 30, a farmer near Yellow Springs, lost his left fore finger, and the rest of the hand was severely crushed as the result of being caught in the cog wheels of a shredding machine at the home of his uncle, Thomas Jacobs, a mile west of Yellow Springs, Wednesday afternoon.

**CLUB WOMEN DISCUSS LOCAL PROBLEMS.**

Mrs. J. D. Steele welcomed the members of the Junior Woman's Club to her home on North Galloway street Tuesday afternoon.

The program was one of the most interesting of the season. There were twenty-three women attending and all took part in the discussions which followed the papers.

Although only the members whose initials embraced the letters from A to B, were expected to answer the call by naming some local nuisance, the club became so interested, that nearly everybody had some particular nuisance in mind which she wanted to mention.

One of the common nuisances or "white elephants" in the vicinity of Xenia, was mentioned by Mrs. J. D. Steele in her paper "Looking Ahead in Community Planning and Public Utilities," took the view of a person living ten years hence, and returning to Xenia after a visit in South America.

Mrs. A. C. Messenger followed this paper with one on the theme, "Has the Twentieth Century increased the Burdens of Women?"

A piano solo by Mrs. Charles Fisher was the musical offering on the afternoon's program.

Mrs. Charles P. Proudfoot will be hostess to the club at its next meeting December 2nd.

# TELLS MEETING OF D. A. R. MANY EXPERIENCES

A friendly visit with the poet Browning, a presentation to Victor Hugo, and a chance meeting with the Prince of Naples, now Italy's beloved king, were some of the incidents mentioned by Miss Eleanor Lewis of Yellow Springs in the personal reminiscences with which she favored members of Catherine Green Chapter, Daughters of the American Revolution, Wednesday afternoon.

The Daughters were guests for their November meeting at the home of Mrs. Stephen F. Weston in Yellow Springs, and the unusual privilege of hearing Miss Lewis tell of her experiences on her various trips to European countries made the program for the meeting exceptionally interesting.

Miss Lewis called her talk "A Handful of Memories." As a young girl she obtained an interview with Browning through letters of introduction which she held from Mrs. Horace Mann, wife of the educator who made Antioch college in its prime one of the most famous schools of the country, and her sister, Miss Peabody. Her meeting with the Prince of Naples was informal. In true American girl fashion she inquired of a distinguished looking man in civilian clothes, whom she met on the street, the direction to take to reach a spot of interest. She was answered courteously, and to her amazement the stranger turned and summoned a man in military uniform, who proved to be his escort, and told the unformed one to direct her to the place she wished to go. Crowds of people, astonished at the temerity of one who would address the prince publicly in so informal a manner, followed her and her escort along the street, and to her destination.

Miss Lewis in her hour's talk related many other incidents of meetings with notables and personal experiences in Europe.

At the close of her talk, Miss Lewis was presented a bouquet of chrysanthemums as a token of the Chapter's appreciation of her consent to favor them with the interesting story. Mrs. F. J. H. Schell presented the flowers.

Mrs. Edward L. Harris of Cleveland, Ohio State regent of the Daughters of the American Revolution, will be the honor guest at Catherine Green Chapter, December 18 when the Chapter will celebrate the 25th anniversary of its organization at the home of the Misses King. Mrs. Harris has consented to address the Chapter on that occasion on the theme, "Americanization."

At the Wednesday afternoon meeting the Chapter took action in endorsing the proposed Greene County Memorial hospital, voted a donation of \$5 to the Thanksgiving dinner for the children, to be given by the Social Service League, and voted contributions to two educational projects endorsed by the National Society.

It also voiced its endorsement of the Chamber of Commerce and its plans for better Xenia, by purchasing a membership in that organization.

The Chapter passed the following resolution endorsing the Memorial Hospital: "The Catherine Green Chapter, Daughters of the American Revolution, has located and registered the graves of 41 Revolutionary soldiers who are buried in Greene county, very few of whom have a memorial commemorating their heroic service."

"The grave of William Maxwell, the pioneer editor of the great Northwest Territory, is in Greene county, but its location has been lost to county history."

# DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. Its stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful.

# Dr. Carter's K. & B. Tea Makes Fine Laxative Syrup

Make it at Home and Save About \$1.50—Children Love To Take It.

Get from any drug store a package of Dr. Carter's K. & B. Tea. Put contents in a bowl. Add a level teaspoonful of sugar. Mix and pour over this 3 teaspoonful of boiling water. Cover and allow to stand for at least 2 hours. Strain and flavor either with Essence of Peppermint or Wintergreen, according to taste.

Dose for adults, 1 tablespoonful each night or night and morning until a regular movement of the bowels is effected. For children, 1 teaspoonful more or less according to age.

For a real tonic and blood purifier, 1 teaspoonful every night or every other night for at least three weeks.

Cut this recipe out and paste it on the bottle.

# Phosphated Iron Makes Great Changes in the Lives of Young Women

Physicians explain why it so quickly puts new life, strength and youthful vigor in the veins of men and women.

**DR. HARLAN PAGE, formerly House Physician, Metropolitan Hospital, New York,**

a prominent Authority and Specialist on Diseases of the Blood, says that severe tests made on hundreds of patients absolutely convinced him of the extraordinary merits of Phosphated Iron. It often increases the strength of delicate, nervous, run-down folks 100% in two weeks' time.

DR. HARLAN PAGE, M. D.  
Prominent Authority and Consultant,  
Formerly House Physician to the  
Metropolitan Hospital of

You can tell at a glance the people who have iron and phosphates in their blood. They are the happy, healthy, good-looking men and women, who are successful in everything they undertake. Phosphated Iron is to health and strength has been a source of wonder and amazement as well as pleasure to her host of friends.

In discussing Phosphated Iron with our representative, she said, "Before taking Phosphated Iron, I was all run-down, a nervous wreck, due to never regaining my proper strength after an operation four years ago. I could not sleep; my food did not digest; and I was wasting away day by day. Neither the best of physicians nor the most expensive medicines did me any good. Nothing seemed to help me; there was no joy in life.

"After using Phosphated Iron for only a few weeks, I felt like a new woman. I was never so strong. Think of it! My weight increased from 94 pounds to 113 pounds, a gain of nineteen pounds. I enjoy everything I eat, have lost all nervousness; my sleep is restful, and my appearance has improved 100%. Life once more is a pleasure.

"I feel so grateful that I want every nervous, run-down man or woman who reads this to take Phosphated Iron and renew their health, strength and happiness, as I have. Don't put off getting Phosphated Iron another day. It will make you feel 100% better."

In commenting on this interview with Miss Oddy, our representative said, "She looked and acted so healthy and vigorous that it hardly

cheeks were the color that only rich, red, blood fed with iron can give."

When this remarkable case was called to the attention of Dr. Harlan Page, Prominent Authority and Consultant, and formerly House Physician to The Metropolitan Hospital

**MISS GRACE ODDY**

of New York, Dr. Page said: "This is nothing surprising to me. In my personal practice, I have seen hundreds of thin, nervous, run-down people, old and young, double their strength, regain their appetite, and sleep, and look years younger after a few weeks of Phosphated Iron."

Phosphated Iron, by enriching the blood and creating new blood cells, strengthens the nerves, rebuilds the weakened tissues, and helps instill new energy into the whole system. In my opinion, Phosphated Iron is the most valuable tonic any physician can prescribe.

Are you all run-down, weak or nervous? Then, you owe it to yourself to try Phosphated Iron.

Note: Phosphated Iron is obtainable from any good Druggist and comes only in capsule form. Beware

**Famo Destroys Dandruff Bacilli**

Science has perfected a wonderful preparation that stops Seborrhea (the medical term for dandruff) by killing the dandruff bacilli.

Famo is FAMO, and it is a product of one of the recognized pharmaceutical laboratories of Detroit.

The ingredients have never been used on the scalp before, but they are well known to physicians.

As fast as nature grows new hair, Famo, the new hair will grow weaker and weaker and will finally fall out.

FAMO destroys the dandruff bacilli and makes new, luxuriant hair grow.

FAMO actually retards grayness. It contains no alcohol. It stops all itching of the scalp.

FAMO should be used daily by every member of the family, even by those who have no dandruff. It keeps the hair healthy and beautiful and prevents seborrhea.

FAMO is sold at all toilet goods counters, also applied at the better barber shops. It comes in two sizes—a small size at 35 cents and an extra large bottle for \$1.

Seborrhea is the medical name for the scaly, itchy condition of the scalp. The seborrheic excretion forms in scales or flakes and is commonly known as dandruff.

From the laboratories of F. A. Thompson &amp; Company, Manufacturing Pharmacists, Detroit, Mich.

**Easy to Take This Pine Cough Remedy**

Thousands of families swear by its prompt results. Inexpensive, and saves about 50c.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is nature's cough remedy.

Pine cough syrup is a combination of pine for this purpose.

Pine is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "25c ounces of Pine" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction.

**M. E. SUPERINTENDENT APPROVES POLICY OF EPWORTH LEAGUE HERE**

Approval of the new policy to make the church a center for the physical and social welfare of the young people, and providing also opportunity during the week for them to have expression of their Christian life, was expressed by Dr. Wiant, superintendent of the Springfield district of the Methodist Episcopal church, in an address to the young people at the First church in this city last night.

Dr. Wiant said that he was gratified very much because of the reorganization of the Epworth League work and delighted at the program which had been arranged by the young people for Win-My-Chum Week.

The Win-My-Chum program will commence Thursday night, and a quartette from Ohio Wesleyan University, known as the Gospel Team, will be here over the week end, to assist in the program.

Following his address to the young people, Dr. Wiant presided at the First Quarterly Conference at the First Church.

**CEDARVILLE SCHOOL PERFECT IN R. C. DRIVE**

**DUFFEE'S COUGH SYRUP TESTED BY TIME**

Remarkable Record of Success for an Old Time Remedy.

When a cough syrup grows in popularity for over thirty years, it must be because it is a superior article. When two generations find it the best they can buy, you are safe in using it.

Duffee's Cough Syrup has met the approval of the public for these reasons. It is a wonderful relief for bronchitis, influenza, sore throat, croup, whooping cough and any kind of colds, quick in effect, soothing and strengthening. A few doses will usually overcome a fresh cold, and for the deep-seated cough or cold, in combination with Duffee's Fifty-Fifty Tonic Laxative Tablets, it works wonders. Keep a bottle in the house to protect you and your children. At your druggists and grocers.

**MEN AND WOMEN ARE NO OLDER THAN THEY FEEL**

One of our leading doctors says, "Everyone, no matter what their age, can be healthy and strong. It is a case of take care of yourself."

"For want of Iron and Phosphates you may be old at thirty, nervous, thin, weak, and all-in, while at fifty or sixty, with plenty of Iron and Phosphates in your blood, you will feel young, full of life, vim and energy."

"Many a man and woman who ought to feel young are losing out simply because their blood and nerves are starving for want of Phosphated Iron. Lack of Iron and Phosphates makes men and women old long before their time, weak, run-down nervous wrecks."

"You will find that the strong, keen, forceful, successful men and healthy, rosy-cheeked, happy women are those whose blood and nerves are charged with Iron and Phosphates."

"Phosphated Iron makes new, rich red blood; renews nerve force and vitality, and increases my patients' strength and appearance one hundred per cent. Thousands of men and women who were 'all-in' have 'come-back' with astonishing health, strength and happiness by taking Phosphated Iron."

Phosphated Iron is put up in capsules. Do not take inferior pills or tablets. Ask for Phosphated Iron capsules. For sale by Sohn's Drug Store; and leading druggists everywhere.

**BILIOUSNESS**

Caused by

Biliousness is a condition of the stomach and bowels, which is caused by indigestion, and is characterized by a feeling of fullness, bloating, and a tendency to belch and pass gas. It is often accompanied by headache, dizziness, and a general feeling of uneasiness. The best remedy for biliousness is a mild laxative, such as EATONIC, which will cleanse the bowels and restore the normal function of the digestive system.

**BOWELS SO BAD HE TOOK QUART OF MINERAL WATER A DAY**

Mr. Whitesides was in a bad way. Tells how he got over it.

"I suffered for years with stomach trouble and constipation. I got so I could eat nothing but soft food and had to take a quart of mineral water a day for my bowels. I decided to try Milk's Emulsion and have used 3 bottles. The results have been wonderful. The soreness left my stomach, I can eat solid food, my bowels have improved and I feel like a new man. Anyone suffering as I did should lose no time in getting on Milk's Emulsion."—M. F. Whitesides, 214 1/2 S. 6th St., Springfield, Ill.

The more physics you take, the more you'll need. Break away from them. Milk's Emulsion costs nothing to try. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickens the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee:—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Guaranteed by Sayre and Hemphill.

"THAT IS BIRD  
OVER THERE, AND  
THE BIRD."

Are protected by the U. S. Govern-  
ment," said the Florida gentleman as  
he passed in a little boat.

The person to whom he was speak-  
ing asked if the Government puts their  
food in their nests for them, and the  
reply is, "Oh, no, there is plenty of  
food provided for them, but they have  
to go after it and find it for them-  
selves. Look there, see that flock of  
hundreds of wild ducks; they are on  
their way now to the feeding grounds  
for their breakfast, and you will see  
scores of them diving down and  
snatching fish from the sea. Some  
birds have hollow bones and downy  
feathers and are able to float even  
in a stormy ocean and find food."

Every living thing, man included,  
finds the earth and sea are each a  
storehouse, and a storehouse, with  
abundance for every creature, but  
each living thing must go after the  
food and not wait for some other to  
put it in its nest.

Man was made to be active and  
earn his food by the sweat of his  
brow, for his self-respect and health  
as well, and birds can be trained and  
made wise enough to conduct a postal  
service or to be purveyors of food to  
a discouraged man as in the case of  
Elizah, and man is enjoined to not  
disturb their nests where their lit-  
tle children are and fed by parent  
birds.

It is a decree that there is plenty  
for all our needs, but we must use  
our own faculties to obtain supplies.  
JOHN W. WAMAMARK.

THE DISTRIBUTOR'S TWO-  
THIRDS.

During the last four years the  
California Fruit Growers' Associa-  
tion has received an average of \$1.60  
a crate for oranges. During the  
same period the average price paid  
by the consumer is said to have been  
\$4.80 a crate.

In general, the original producer  
of food receives about 30 cents out of  
every dollar that the consumer pays  
for it.

Most of this margin, of course,  
inevitable. Wholesalers and retailers  
and most of the other factors group-  
ed under the title of "middlemen"  
perform a real service of some kind  
or other. But there is certainly some-  
thing wrong with the system. It is  
too costly.

All the emphasis latterly has been  
placed on production. "Produce  
more," the experts have said, "and  
food will be cheaper." Would it not  
be better to put more emphasis on dis-  
tribution?

It seems quite evident that more  
money might be saved out of that  
65 cents which goes to the distribu-  
tors than out of the paltry 35 which  
goes to the producer. If the processes  
of distribution could be so simpli-  
fied that the cost of getting the food  
from producer to consumer were re-  
duced one-half, there would be a big  
saving to the consumer.

LAKE DIVISION LEADS  
IN RED CROSS DRIVE

Although recent bad weather has  
held up returns in the 1920 Red Cross  
Membership campaign in the Lake Divi-  
sion, the returns in show that this  
division is leading the drive so far.  
The bad weather forced many chap-  
ters to continue their campaign, and  
the local drive was extended until  
Saturday, when it will be finally closed,  
according to campaign headquarters.  
The campaign here is expected to go  
over the top as it did other places.  
It is expected that the Lake Divi-  
sion will lead in the 1920 drive.

The condition of Mrs. Rose Golden  
Lott continues critical, and she is  
growing much weaker.

Mrs. Fannie Farber Wolff of Pitts-  
burg, Pa., is expected to arrive in  
Xenia this evening, and will be the  
guest for a few days of Mr. and Mrs.  
W. J. Oglesbee of North King street.  
She is a cousin of Mr. Oglesbee.

TOURNAMENT CALLS  
INTEREST OF LOCAL  
BILLIARD SHARKS

Billiard enthusiasts are much interest-  
ed in a billiard tournament which  
will be played at the Arcade billiard  
hall on South Detroit street at night  
starting Friday evening.

The tournament has been arranged  
by several of the cue game stars lo-  
cally and promises not only to create  
an interesting rivalry but to promote  
the game and uncover considerable  
talent, among local amateurs.

The elimination method will be used,  
the last four up at the close of the  
tournament winning the prizes. The  
games will be played handicap matches  
the handicaps being arranged by the  
tournament committee. Otto Hornick,  
local billiard star has been scheduled  
at the scratch, 250, and others have  
been marked at lesser figures.

The contestants for the games have  
been selected by a drawing, and it is  
expected that quite a crowd of the bil-  
liard enthusiasts will be present on  
the first night. The game scheduled  
for the initial play are Dr. A. B. Kes-  
ter and Thomas Taylor on the first ta-  
ble and Dr. N. T. Pavey and Ray Mur-  
ray on the second table. George I.  
Graham and Hivling Stokes will re-  
feree these contests. The player once  
beaten is eliminated from further par-  
ticipation.

The schedule so far arranged is as  
follows:

Monday.  
Table No. 1—Geo. I. Graham and  
James Savage.

Table No. 2—Otto Hornick and Al  
Regan.

Tuesday.

## EAST END NEWS

The revival services will be in pro-  
gress at St. John's A. M. E. Church  
this week. The meetings grow more  
interesting and the attendance in-  
creases.

A number of members of the East  
End church together with friends  
planned and successfully carried out  
a surprise donation on P. A. Land-  
rum who has been in ill health for  
the past two years. Much credit is  
due Messrs. Nelson, Corbin and Char-  
les Edwards for the manner in which  
the affair was managed.

Not What Was Wanted.  
"I have no patience with men who  
fall in love with amusing girls and  
then grumble because they don't find  
them soothing; it is like buying dia-  
monds and crying because you can't  
make them up into flannel petticoats."  
—Ellen Thorneycroft Fowler.

## DON'T DISREGARD A COLD

A neglected cold may develop into  
most serious sickness. The influenza  
and pneumonia that swept the country  
a year ago were preceded by an epi-  
demic of colds. Foley's Honey and Tar  
will check a cold if taken in time. It  
loosens phlegm and mucous, clears air  
passages, eases hoarseness and  
stops hacking throat, Sayre & Hem-

Could Not  
Eat or Sleep

Vinol, our Cod Liver and Iron  
Tonic, gave him appetite and  
felt like different man.

Ruston, La. — "I am a working man  
and got all run down so I could not eat,  
sleep or work. Vinol was recommended  
for my condition. It built me up so I eat  
well, sleep well, can work all day long  
and not feel tired. In fact, I feel like  
a different man since I took it." —  
JOHN H. WILSON.

"Men fret and worry." That's why  
they overwork, get nervous, all run  
down, have no appetite, and can "hardly  
drag around." Vinol creates a hearty  
appetite, induces sound sleep, invigorates  
the nerves, creates strength and  
quiets the nerves.

It is the beef and cod liver peptones  
contained in Vinol aided by iron and  
glycerophosphates which makes it such  
a famous blood maker, nerve builder  
and strength creator.

## WANTED---

A Manager For Our Xenia  
Rotary Sales and Service Store

THE ROTARY TIRE & RUBBER COMPANY'S model plant at Zanesville, Ohio, is ready for quantity production. We soon will introduce to the motoring public the highest class line of automobile tires and tubes on the American market.

WE ARE NOW MOLDING OUR SALES ORGANIZATION AND ARE DESIROUS OF ENLISTING THE SERVICES OF A HIGH-CALIBER MAN TO MANAGE THE ROTARY SALES AND SERVICE STORE IN THE CITY OF XENIA, OHIO.

The Rotary Sales Plan is national in scope and calls for a Rotary Store in every worthwhile city. In establishing our Xenia Store we provide an exceptional opportunity for a man with sales and managerial ability—a man who is capable of developing the maximum possibilities of the Xenia territory. ONLY MEN WHO CAN MEASURE UP TO ROTARY STANDARDS WILL BE CONSIDERED, BUT TO SUCH MEN COMPENSATION IS LIMITED ONLY BY THEIR INITIATIVE AND ABILITY.

Executive and sales ability are absolutely essential, but EXPERIENCE IN TIRE SELLING IS NOT REQUIRED. Regardless of the line of business in which you have received your training, your application will be carefully considered, and, if YOU are the man we want, The Rotary Tire & Rubber Company will fit you to sell Rotary products by teaching you Rotary sales methods.

If YOU represent this type of man and can furnish a small amount of capital, here is YOUR opportunity to identify yourself with a company which soon will become a leader in its field and which will insure your money-making future.

The capital you supply will secure an interest in the Xenia Rotary Store and enable you to participate in its profits. In addition THE ROTARY TIRE & RUBBER COMPANY WILL PAY YOU HANDSOMELY FOR MANAGING THIS STORE.

Your confidence will be scrupulously observed.

For particulars address by letter or wire.

### SHRINE COMING TO AMERICA

Probability That Brahman Temple May Find a Home in Fairmount Park, Philadelphia.

An entire stone Brahman temple, which served as a place of worship in India for hundreds of years, will be installed in the massive rotunda of Memorial Hall, Fairmount park, Philadelphia, provided the director of the museum can assemble the 100 tons of stone that go to make the shrine. The Hindoo house of worship was purchased by Mrs. Adeline Pepper Gibson, a Philadelphia woman who died in war service, and every stone in the structure was boxed and shipped in a sailing vessel, which made the trip around Cape Horn. The shrine is the gift of Mrs. Gibson's relatives, who wish it to be a memorial to the work of the dead woman. It is the first time that such a huge piece of sculpture was ever brought to America, and even Europe cannot boast of such an accomplishment. The nearest to it are the Elgin friezes in London, the tomb of Perseus, brought from Egypt to the Metropolitan museum, and the frescoed Asian walls seen in Berlin. While some say the temple is of Dravidian architecture, which would mean that it was built prior to the tenth century, the stone is in such fine condition that it looks less than 300 years old. The fine air of southern India may have preserved it, some say. Nothing of its origin is known.

their noses and lips slit and then are whipped to death. Newborn babies are plastered over with butter and then laid in the sun naked. Ears are pierced and heavy rings inserted which often tear out the lobe of the ear.

The limbs and trunks of the dead are hacked apart and left on stones for the dogs, pigs and vultures to devour. The pigs are in turn a table delicacy with the Tibetans.

The "breakers of the dead" are also the scavengers of the country. They live in filthy huts four feet high, built of human bones and the horns of cattle.

Yet the Potata, the seat of the Tibetan ruler, is a magnificent white granite building, larger than any in Europe. It is crowned with huge domes glistening with gold. It is the home of 10,000 monks, as well as the grand lama and his household. The building is 970 feet long, 12 stories high.

### Where the Steak Went.

One rainy day I walked into a cafeteria, selected my dinner, and just as I stood at the checker's desk the party in front of me took a step back, knocking the tray from my hands and spilling the entire contents on the floor. I thought as I looked at the unfortunate mess that I failed to see the steak which had been on the tray, but supposed that it had fallen under a chair out of sight. A waitress stepped up to me and told me to select my dinner over again, which I did, with every one in the place watching me. I bolted the food as quickly as I could and went out into the rain once more, when upon opening my umbrella the piece of steak which I had failed to see in the restaurant fell from it.—Chicago Tribune.

### HAS HIS CHOICE OF MOUNTS

Many Horses Provided, From Which the Sultan of Morocco Selects the One He Will Ride.

Between the black guard and the tents five or six horses were being led up and down by muscular grooms in snowy tunics. They were handsome animals, as Moroccan horses go, and each of a different color; and on the bay horse was a red saddle embroidered in gold, on the pibald a saddle of peach color and silver, on the chestnut grass green encrusted with seed pearls, and on the bay mare purple housings, and orange velvet on the gray.

The sultan's band had struck up a shrill hammering and twanging, the salute of the black guard continued at intervals, and the caparisoned steeds began to rear and snort and drag back from the cruel Arab bits with their exquisite niello incrustations, writes Edith Wharton in the Yale Review. Some one whispered that these were his majesty's horses, and that it was never known until he appeared which one he would mount.

Presently the crowd about the tents thickened, and when it divided again there emerged from it a gray horse bearing a motionless figure swathed in blinding white. Marching at the horse's side lean brown grooms in white tunics rhythmically waved long strips of white linen to keep the flies from the imperial presence; and beside the motionless rider, in a line with the horse's flank, rode the imperial parasol bearer, who held above the sovereign's head a great sunshade of bright green velvet.

### Mystic Number Forty.

The number "Forty" plays an important part in Mohammedan ritual, the sultan gave Aladdin 40 days in which to find the lost palace. In the Thousand and One Nights' entertainment the Third Calandar had a prosperous voyage for 40 days and was entertained by 40 damsels, who absented themselves for 40 days. And then there's All Baba and the Forty Thieves. Also there is the story of Nasir, who spent 40 days in prayer, and then shot an arrow through a suspended ring 40 times in succession, and when he wounded the king it took the monarch 40 days to recover from the hurt.

YOU NEED A MEDICINE  
YOU SHOULD HAVE THE BEST

Have you ever stopped to reason  
it is that so many products that  
extensively advertised, all at once  
go out of sight and you are forgot-  
ten? The reason is plain—the article  
not fulfill the promises of the man-  
ufacturer. This applies more particu-  
larly to a medicine. A medicinal  
preparation that has real curative  
power almost sells itself, as the an-  
cient chain system the remedy is  
recommended by those who have been  
cured, to those who are in need  
of it.

A prominent druggist says, "Take  
example Dr. Kilmer's Swamp-  
Root, a preparation I have sold for  
many years and never hesitate to rec-  
ommend, for in almost every case it  
gives excellent results, as many of  
customers testify. No other kid-  
ney remedy has so large a sale."

According to sworn statements and  
affidavits of thousands who have  
used the preparation, the success  
of Dr. Kilmer's Swamp-Root is due to  
the fact, so many people claim, that it  
fulfills almost every wish in overcom-  
ing kidney, liver and bladder ailments,  
cures urinary troubles and neutral-  
izes the uric acid which causes rheu-  
matism.

WITH SEWING PARTY.

A number of young women from  
the Hutchison and Glibney store, en-  
joyed a very delightful evening Tues-  
day at the apartment of Miss Eliza-  
beth Stevenson, in the Manhattan.  
The guests took their sewing and  
fancy work. The hostess served  
sandwiches and fruit.

X. H. S. GRIEDERS  
TO PLAY WEST ALEX  
FOOTBALL FRIDAY

Repeating that two games in two  
days stunt the Central High School,  
griegers will meet West Alexandria  
on the local Colong Friday afternoon  
at 2:30 o'clock.

The contest will be the last inter-  
scholastic game played on the home  
field this year, as the locals play  
Washington C. H. Saturday and wind  
up the local play season on  
Thanksgiving when they tackle the  
Central High Alumni.

Little is known of the West Alex-  
andria outfit, but it is the opinion of  
local fans that the contest should  
furnish an interesting battle for the  
inter-scholastic swan song. Much in-  
terest attaches to the fracas because  
it will be the last foreign grid team  
to play here this season.

PLUMB PLAN LEAGUE  
TO BE PROJECTED HERE

R. S. Plesley of Washington, D. C.,  
will speak at an open meeting in the  
assembly room of the court house at  
7:30 o'clock, Saturday evening, on the  
Plumb Plan League, an organization  
being formed among railroad men and  
others "to secure public ownership  
and democracy in the operation of  
the railroads."

The Plumb Plan, which has al-  
ready been introduced in congress,  
provides for the government pur-  
chase of the railroads from the pri-  
vate corporations after a purchase  
board has appraised the value of the  
system. It provides that the govern-  
ment will pay for the railroads by  
selling bonds bearing from 4 to 4 1-2  
per cent interest. Then having  
bought the roads, the government is  
to lease them to a corporation cre-  
ated by congress, known as the Na-  
tional Railways Operating Corpora-  
tion for 100 years. After the operat-  
ing expenses, maintenance and fixed  
charges are paid, the surplus is to  
be divided in half, one-half to go to  
the government and the other to the  
employees. When the govern-  
ment's share equals 5 per cent of the  
total income of the roads in any one  
year, the Interstate Commerce Com-  
mission is then to declare a reduction  
in rates equal to the amount of this  
five per cent. The plan hopes to re-  
duce freight rates in a few years by  
40 per cent and passenger rates to  
1 1-2 cents a mile. It is estimated  
by this plan the government will own  
the roads clear of debt in 40 or 50  
years.

The Plumb Plan League is an or-  
ganization of people interested in  
government ownership, and costs one  
dollar to join. This league will at-  
tempt to arrange for a referendum  
vote on the matter. The plan is be-  
ing backed by railroad employees and  
local railroaders are arranging for  
the meeting here at which time the  
plan will be explained. The meeting  
is open to railroaders and others in-  
terested in government ownership.

## EAST END NEWS

Mr. Thomas Forrester, the evange-  
list who is conducting services at St.  
John's church, will preach a special  
sermon to the young men Friday  
night. She extends an urgent in-  
vitation to the unconverted young  
men to attend Friday night service.  
Mrs. Charlotte Lee, wife of Mr.  
David Lee, died this morning about  
six o'clock from heart trouble. She  
had been in failing health for about  
two years. She was taken ill last  
Sunday morning after breakfast and  
complained of not feeling so well and  
went into the parlor to sit down.  
Her husband noticed that she was  
drowsy and started to be ill and  
at once called a doctor. She grew  
worse rapidly until the end.  
She was born in Richmond, Va., but  
lived here since 1867. She was united  
in marriage to Mr. David Lee  
about 45 years ago. They were very  
devoted to each other and were high-  
ly respected by the whole community.  
She is the last member of the family  
of John F. Harris and is survived by  
a number of nieces and nephews. She  
was a faithful and devoted member  
of Zion Baptist church and was con-  
verted and joined church under the  
pastorate of Rev. Wm. Balay. The  
funeral will take place Saturday at  
two o'clock from Zion Baptist church.  
Mrs. Marie Williams is confined to  
the house by reason of illness. She  
has been ill for more than a week.

Gallen O. Nov. 19.—While the  
family of the late Samuel Garrett  
was returning from his funeral, their  
automobile skidded into a ditch and  
overturned. The widow, a son Glenn,  
who was driving and daughter Ethel,  
were injured so seriously that they  
were removed to a local hospital. All  
will recover.

Lecturer Will Tell  
of Kentucky Feuds

President James A. Burns of Onondaga  
University, Ky., known as "Burns of  
the Mountains," will be the second at-  
traction on the Xenia Star Course,  
which is being given under the aus-  
pices of the Social Service league this  
year.  
Burns, erstwhile feudist, will carry

his story of the feuds of Kentucky and  
their final abolishment to the people of  
this community at the opera house  
next Tuesday evening. The lecturer is  
a modern counterpart of Lincoln, a  
self educated man under the great-  
est hardships and possessing the rug-  
ged, yet simple and unaffected per-  
sonality of the great railsplitter.  
The lecture by President Burns will  
be an educational treat to Xenia peo-  
ple.

TRY THIS PLEASANT AND EFFECTIVE  
HOME REMEDY FOR COUGHS AND COLDS

IT WORKS LIKE MAGIC AND COSTS BUT LITTLE TO PREPARE

If you want a cough medicine that is surely fine for coughs, colds,  
hoarseness, bronchial affections, croup and throat irritations, get 3 oz. of  
Glando Pine (50 cts. worth) with full directions for preparing and you can  
make a full pint of excellent cough medicine. Glando Pine acts right at the  
cause of the cough. The first dose relieves, it opens the air cells and makes  
you breathe easy. Children love to take it. When prepared according to  
directions it will not separate as some of the inferior cough medicines do.

George Pollock, a painter and decorator, of Logansport, Ind., says, "I  
took a severe cold which settled all through my system. I had severe pains  
in my chest and lungs. My throat was swollen and sore. Glando Pine gave  
me relief almost instantly. I consider it very fine for coughs and colds."  
Mrs. John Pollock, of 359 S. Williams St., Paulding, Ohio, said, "I neg-  
lected to doctor a cold which settled on my lungs. My cold grew worse until I  
coughed almost constantly, I began to spit blood. I lost in weight and looked  
so bad that people thought I had tuberculosis. I finally tried Glando Pine.  
The first bottle helped me. I continued its use until I was cured. I firmly  
believe that Glando Pine saved my life."

To avoid disappointment be sure you get Glando Pine. Once you have  
used it you will never want to be without it in your home.  
Manufactured only by the Glando-Aid Co., Paulding, Ohio.

### "Symptoms"

By ALDEN CHAPMAN

(Copyright, 1912, by the Western Newspaper Union.)

Young Doctor Bellows felt that he was on the high road to success when that acknowledged leader of the ruling social set, Miss Marcia Druse, sent for him. He was a newcomer in the village and had located there upon learning that the principal physician, Doctor Morton, was about to retire from practice.

Bellows understood that Miss Druse had been a source of regular professional income to his predecessor. He was in the drug store when the telephone message arrived and its proprietor grinned expansively.

"I hope you diagnose Miss Druse's case on the basis that Doctor Morton followed," he observed. "Miss Druse is a good patient to nurse along, and you mustn't oppose symptoms. They comprise the pet frailties of her life. She has been that way ever since an electro-specific-humbog faddist discovered that she had about everything under the sun. Why, do you know that she actually broke off the engagement with Col. Leo Dysart, the richest man in town, on account of the predicted near approach of dissolution."

The young physician made no comment, and realized that it was policy to act on his own initiative. He spent a full two hours with this new patient. Miss Druse had a long list of symptoms to present, a whole library of medical works, a miniature drug store in her cabinet, and Bellows at once analyzed the situation. She was physically sound, but with her idle whims and the arrant nonsense injected by the faddists she would, he foresaw, ultimately degenerate into a chronic hypochondriac.

Bellows was serious of visage and sympathetic of mien, but this he affected in order to gain time to think over matters and possibly rescue his patient from her fanciful terrors and infuse into her some common sense.

"I did not sleep at all last night, doctor," declared Miss Druse dolefully. "For several days there has been a stinging sensation in the left shoulder blade, dangerously near to the heart. I can feel a distinct lump there. Don't alarm me too greatly, doctor, if there is still any hope, but I very much fear that it is the beginning of the end."

Doctor Bellows diagnosed a vicious mosquito bite and feigned to ponder gravely. He had interrogated his patient as to diet and habits of exercise, and a quick idea suggested itself and he illuminated it to the full.

"Miss Druse," he said, "do you wish to become a perfectly well being, in all the fullness of your youth and beauty?"

"Oh, Doctor Bellows! you are flattering me," she simpered. "But—yes, of course I desire the restoration of my health above all things."

"Then you must absolutely follow my directions. I will leave you a simple lotion that will speedily eliminate the swelling on your shoulder. We must arrive at a point where there is more elastic action to the vasa motor nerves, and for this I am going to give quite drastic directions. You must arise as early as five o'clock every other morning, and walk in the dewy grass a full hour, barefooted."

"I know I am too delicate to survive the harsh ordeal," she wailed, "but if my niece Muriel will sustain me, I will try."

Her niece Muriel Allen! Doctor Bellows met that bright, lovely young girl at the next call, and from that moment his life seemed warmed by new sunlight. Somehow a mischievous twinkle in those intelligent eyes told the young physician that Miss Allen shared his opinion as to the trivial character of the ailments of her aunt.

Three mornings after that Doctor Bellows purposely came upon the twain tramping across the greensward of an inclosed pasture. The shapely pink and white feet of Muriel twinkled in and out of the dewy grasses with bewitching gracefulness. Miss Druse was grumbling a trifle, but already showed the salutary effects of the new and needed exercise.

"Ah! I would like to join you," declared Bellows animatedly. "I just met Colonel Dysart, Miss Druse, who had caught sight of you in the distance. What a poetical being he is! He dilated upon nymphs—visions of loveliness and like enraptured sentiments," and Miss Druse flushed up like a sensitive schoolgirl and Muriel directed a quizzical glance at the young doctor, fully appraising him that she was able to analyze his tactics.

At the end of two months Miss Druse was a new woman. Her vagaries were dissipating one by one, and Colonel Dysart was again a hopeful suppliant at the altar of love. "Doctor Bellows," spoke Miss Druse one day. "I hope there is no danger of illness with my dear niece. She just ran out of the room as you came. I noticed that her face grew flushed and excited, and I could see her pulses flutter as though there was some intensive action of the heart. She has started in writing poetry and sits up late. I do hope there are no symptoms of a nervous breakdown."

"Not at all," assured Doctor Bellows. "These symptoms are natural with a young girl alive and pulsing with the fullness of the sheer joy of living," and within his secret mind he knew they were symptoms of love, and ascertained it to a certainty later on and was a happy man, indeed!

### Wounds From Rusty Nails Dangerous

Serious results, through blood poisoning, often occur from scratches, cuts or wounds from rusty nails or other metal. Don't run this danger. Protect yourself by having a bottle of Houstonia always at hand.

Dean McKillip, well-known farmer of Clark Co., Ohio, says: "I stepped on a rusty nail which extended halfway through my foot. I applied Houstonia to the wound and bandaged the foot. In a short time the pain got easier. After five days I did not limp and the wound healed nicely. People who use Houstonia for such injuries, do not need to fear blood poisoning."

Houstonia (The Original Jones' Lintment) may be freely applied to open cuts, sores or burns without fear. It soothes while it heals. At your druggist, 25c, 50c and \$1.00 sizes. Be sure you get the genuine Houstonia—ask with Dr. Jones' picture on the yellow wrapper. The Dr. J. C. Jones Co., S. Charleston, Ohio, adv.

Sold by Sohns Drug Store, Sayre and Hemphill, D. D. Jones and A. C. Hawkins.

### RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvellous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless. Allenru relieves at once. Immediately after you start it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

Its marvellous how quickly it acts. Blessed relief often comes in two days and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered from acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers the worst of all diseases and he has instructed Sayre & Hemphill to guarantee it in every instance. adv

### Clean Up Poison Soaked Kidneys Advises Dr. Carey

Thousands Die Every Year Because They Allow Poisonous Deposits to Accumulate in Kidneys.

Don't flush your kidneys with harsh makeshifts, says Dr. Carey, they are too frail and delicately constructed to treat them rough.

For 40 years I have been prescribing Marshroot for kidney and bladder sickness and not that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price.

Beware of kidney disease thousands die of it every year who ought to be enjoying the blessings of life and health.

## Running on Three Wheels

It is easier to pull a loaded wagon that has only three wheels than it is to run a business without sufficient income to meet expenses. Each may struggle along for a time, but neither can travel fast or far, and the strain is great.

A business that lacks sufficient revenue to pay for the best materials and workers cannot give the best service. When the service suffers all users of the service suffer.

That is the problem now facing your telephone company. Unless it secures rates that make it possible to purchase necessary materials and pay wages that will hold good employees, it cannot give you good service.

There are in service today in Xenia approximately 3,000 telephones, of which 2,036 were connected with the Xenia exchange of the Central Union Telephone Company on November 1st.

To serve these subscribers, the Central Union Telephone Company maintains a force of trained employees, residents of Xenia, who must be paid salaries enabling them to meet the increased cost of living, and a telephone plant that must be kept up to the Bell standard of efficiency.

This company has felt the rising tide of prices as has every other business and every family, the increases in miscellaneous expenses and the cost of maintenance materials having added tremendously to the cost of operation.

The revenues are inadequate, in spite of the rate increases already made, and to aid in meeting the heavy advance in the cost of furnishing service, business subscribers are asked to pay an additional fifty cents a month, beginning December 1st, in accordance with a revised schedule of rates filed with the Public Utilities Commission of Ohio.

The future of telephone service rests on the securing of fair rates.

## GIRL KNOWN HERE STARTLES CHICAGO IN ESKIMO CARD

Miss Virginia Thomas, sister of the Rev. William A. Thomas, former rector of Christ church, Episcopal, this city startled Chicago people a few days ago, when she appeared on Michigan avenue snugly bundled against the wintry blasts in Eskimo parka and reindeer boots.

Miss Thomas recently returned from Alaska where she spent nearly a year as a teacher in the school at the Episcopal mission at Point Hope, where her brother, the Rev. W. A. Thomas, is stationed. Miss Thomas taught her Eskimo pupils with the aid of an interpreter. She is interested in the future of the Eskimo, whom she considers worth every effort being made to educate them. More mission schools and field workers are needed, she told Episcopal nation-wide campaign officials in Chicago upon her return.

Eskimos are not nearly so stupid as people think," she declared. "The trouble is that they have never had incentive or opportunity to sharpen their minds. They are quick to learn especially the boys."

Eskimo women, she says, have always been treated as chattels. They are not allowed to eat until the master of the house has finished his meal. They cannot even speak, but must sit back in the corner waiting for his commands.

The Episcopal church plans to extend its missionary activities in Alaska by building more missions and sending more trained men into the field.

## CENTRAL HIGH WILL PLAY HARD GAME SAT.

It is a determined set of football warriors that Coach V. L. Fairies of Central High School is training this week on Roberts' gridiron.

The eleven lads wearing the blue and white of the local school have been kept so long from victory that they are ready to go through fire and water for the taste of it.

It is this sort of spirit that is going to make things hard for Washington, C. H., when the locals meet the Fayette county lads at Washington on the coming Saturday. The Washington outfit has been assembling for itself a nice season's record of victories, which it has managed to accumulate by playing only the teams it can beat.

The locals have played the pick of the gridiron stuff in this section, and even went out of its way to meet Scott High of Toledo, which is easily the High School champion of the state this year. Captain Riddell and his cohorts are now promising that Coach Moorehead's aggregation of Washington High footballers are doomed to have their record split through the center when they clash with the locals. It has been long since the locals have tasted victory and they now assert that they will not be denied. Besides this the locals are out to avenge the defeat handed them by Washington earlier in the season.

## RUBBER COMPANY FEARS SHUT DOWN

Four hundred and fifty employees of the Victor Rubber company at Springfield will be out of work Monday unless coal is supplied the industry.

Upon his return from Cincinnati Tuesday, where he visited federal officials Monday, General Manager H.

H. Durr said the corporation was promised only enough fuel to keep the factory heated and prevent freezing of pipes.

Construction of a coal conveyor had been started at the plant some weeks ago, and to allow its erection to continue the coal supply was permitted to dwindle. The Victor company was thus caught by the strike in an unprepared condition.

Other industries in Springfield are fairly well prepared and it will be several months before any of the large plants will have to close, if the strike continues.

## Better than Pills

YOU WILL NEVER wish to take another dose of pills after having once used Chamberlain's Tablets. They are easier and more pleasant to take, more gentle and mild in their action and more reliable. They leave the bowels in a natural condition, while the use of pills is often followed by severe constipation, requiring a constant increase in the

## SUGAR SHORTAGE WILL LAST TILL FEBRUARY

Columbus, O., Nov. 20.—That the sugar shortage in this state will not disappear before the middle of February, is the opinion of John W. Vanmeter, vice president of the Ohio Wholesale Grocers' association.

He pointed out that if all refineries were operated to their fullest capacity, the shortage would be decreased considerably, but not overcome. Vanmeter explained that the present general lack of sugar is caused by the beet refineries, who are withholding their products from the market, hoping to receive better price concessions from Attorney General Palmer.

## Serious Riots In Cairo Report 100 Casualties

London, Nov. 20.—Ten persons are dead and more than 100 are wounded as a result of the new outbreak of rioting in Cairo, on Tuesday, said a news agency from that city today. Ninety persons were struck by bullets while 20 others were injured in other ways. There were 10,000 rioters in the mob that swept through the city, attacking police stations and hospitals.

One station was completely burned and three others were badly damaged. No Europeans were hurt. Order was not restored until British troops were rushed up.

## Police Searching For Street Car Wreckers

Knoxville, Tenn., Nov. 20.—Police are searching today for two men suspected of dynamiting a Fountain city street car near here late last night, in which ten persons, one seriously injured, were killed. The force of the explosion lifted the car several feet from the track, and partially demolished it. The injured were struck by flying glass.

The car is said to have been in charge of a non-union crew.

HOME MADE RECIPES

CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcline and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germ will have a hard time gaining a foothold.

is the dentrifice that contains the properties recommended as ideal by United States Army dental surgeons

was nervous and run down

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, senile men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

DON'T SUFFER! CORN FIX

### THE FAVORITE ROUGE AND TIGHT SKIRTS FROM M. E. PULPIT

Mrs. Martha May Rogers.

Mrs. Martha May Rogers has just been appointed assistant pastor of the Hanson Place M. E. church of Brooklyn, N. Y. She will take on her work among the young people and will devote most of her time trying to discourage the young ladies of her church from the use of rouge and tight skirts. The new divine has been an evangelist for the past ten years. She has not yet the right to attach "Rev." to her name, as the Methodist church does not permit the appointment of women ministers. She will act ex-officio until next spring, when it is expected the church leaders will legislate to give her the title.

RAILROADS WILL DISTRIBUTE ALL AVAILABLE COAL

Chicago, Nov. 20.—Resources of the federal railroad administration will be concentrated on distribution of the available coal supply so as to avoid shortage that would compel the curtailment of train service, it was announced here today by Rail Director Walker D. Hines at the conclusion of his conference with regional directors of the railroad administration.

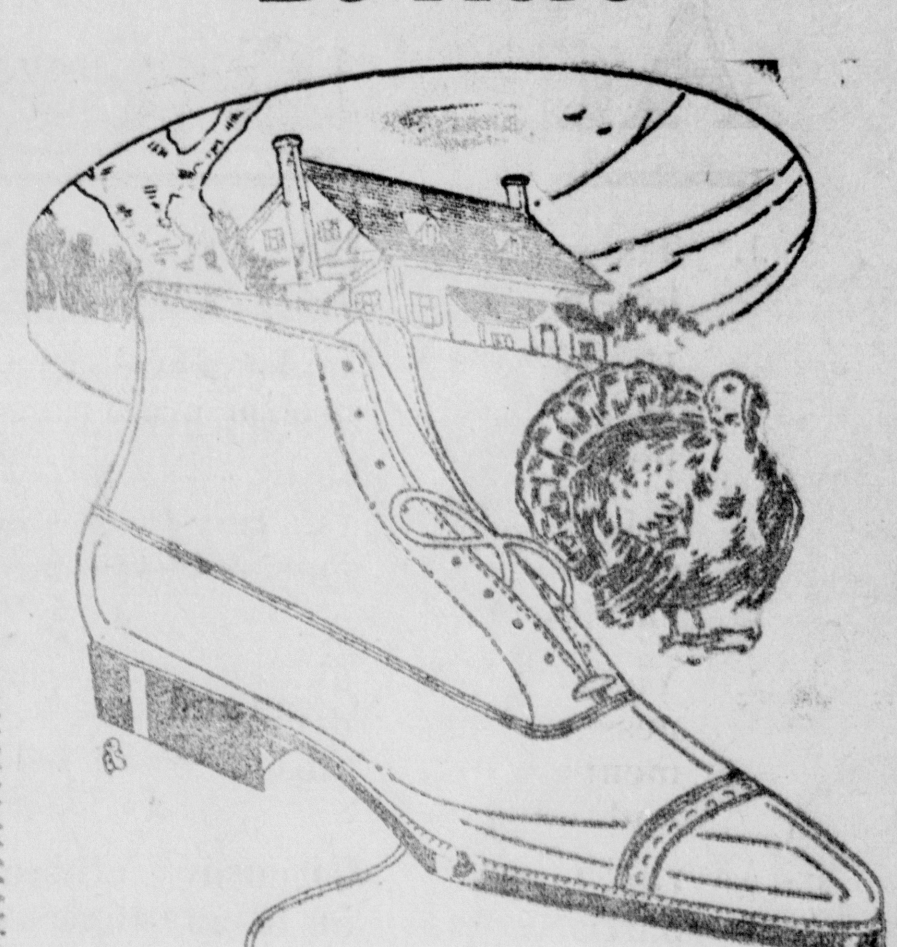

"For the time being," said a prepared statement issued by Hines, "the problem is really one of distributing available coal so as to avoid shortage. To do this involves usually long hauls on a considerable tonnage of coal and this is presenting new transportation requirements. The matters of curtailment of transportation upon industry will depend upon future developments. The proper notice will of course be given the public of any important changes in the present policy."

"It is essential that coal be used as sparingly as possible and therefore distribution will be continued in accordance with the authority resting in the railway administration."

ONE O'CLOCK LUNCHEON IS DELIGHTFUL AFFAIR.

Covers were laid for twenty-eight at the 1 o'clock luncheon which was given by Mr. Clarence S. Frazer Wednesday at her West Church street home. A silver bud vase holding a single yellow chrysanthemum centered each of the small tables at which the four course luncheon was served. Chrysanthemums in clusters were set about the rooms. Mrs. J. M. Baker, of Washington, the hostess' sister was the only out of town guest.

## SANDRA THE JEALOUS

BY JANE PHELPS

Alice Sloane Visits Sandra.

CHAPTER CXXIV.  
In spite of the fact that I had come to like Irma Barton, I could not help a feeling of relief when she was safely married. I had been so jealous of her—although without particular reason—that just knowing she was beyond Everett's reach was comforting.

One thing was sure. Everett remained at home more often in the evening. Of course her marriage broke up the delightful card parties she used to give—delightful to those invited. And he had one less excuse to remain out. I had learned to play a fair game and we occasionally asked Alice and Duane Sloane over to play. You see, it is hard to entertain a middle aged husband when you are young. If you invite young people he is bored, if you invite people his age you are bored. But it doesn't seem to make much difference in playing bridge whether one is young or old if they can play a fairly good game.

I tried in other ways, too, to make our home attractive. I had practiced daily since he gave me the baby grand piano and occasionally we would have a musical evening. I had heard somewhere that it was the wife's fault if her husband spent his evenings out—that it was because he was not interested and entertained at home. But I don't believe who ever wrote that was young and had married a middle-aged man with his habits all fixed.

A club is a habit like anything else. At least his club was with Everett. I tried not to be unhappy when he said he was going there, tried to think how much better it was than if he were going to see some woman—like Walter Kemp did—but often I felt abused, neglected, because of that old club, which seemed to hold so much of interest for him.

"I declare, if you aren't jealous of that poor man's club, Alice Sloane with whom I had become very intimate teased. I had been grumbling that I couldn't get Everett to play cards that evening because he had telephoned me he would not be home for dinner; that he was going to dine at the club.

Then she added: "Seriously, Sandra, I think it better for men and women both occasionally to spend an evening or several of them for that matter, apart. We get stale. Why, I heard a woman say the other day that she 'knew what her husband was going to say before he even opened his mouth! Think how awful that would be! I am always rather glad when Duane gives me an evening to myself—that is, of course, provided I know where he is, I fuss about and look over a lot of rubbish, and try new ways of combing my hair—and a thousand and one things I wouldn't do if he were at home."

"But you could do all those things during the day, and so have the evening together," I objected.

"No, I couldn't! I'm always being interrupted. Then, too, it isn't half the fun to do them days. But aside from all that Sandra, I love Duane. I don't want him to tire of me. I would feel terribly to have him say he knew what I was going to say every time I opened my mouth as that woman did of her husband. I try to study and read too when I am alone. A woman can't get by nowadays with the ease she used to. There are too many of us, and some are too clever by far."

"You funny girl. I didn't know you were so serious."

"Serious! That's only sensible. By the way, I have joined a morning reading club. Want you go too?"

"Of course I will! I'd be delighted too," then I added: "That is, if Everett doesn't object. He is rather particular and difficult about some things—where I go, with whom I associate. He thinks me a baby yet, even if I have a big boy."

"I'm flattered that he thinks me all right," Alice said laughingly, as she rose to go. "Don't forget to ask him about the class; and don't be jealous."

A man's best pal is his smoke

"Meet you after the movies"

—Ches. Field

NOTHING like following up a good show with a good smoke—Chesterfield.

No ordinary cigarette, this. Mellow as an old friend, but rich with flavor—the kind that goes right to the spot.

Our own buyers in the Orient select for us the choicest Turkish leaf. We blend with this several varieties of specially selected Domestic tobacco. This blending—by a secret method—brings out new qualities of flavor that other and less expert methods fail to find.

That's what we mean by "satisfy"—an entirely new kind of smoking enjoyment that you get in Chesterfields only—nowhere else; for the blend is a closely guarded secret. It can't be copied.
